SC Series – Mobile Wash Skid

Hot / Cold Water – Self Contained: Diesel Heated, Diesel Engine with 12v burner system

The **SC Series** is a high output hot mobile wash skid with serious cleaning power. It was designed to withstand the daily use by professionals who rely on its dependability to make a living. Its high impact power enables it to handle just about any size cleaning task with ease and without the need for an outside power source. If portability is needed add a wheel kit or mount on a trailer, truck bed or tank skid. Equipped with a heavy-duty diesel engine and V-belt driven pump the this machine delivers exceptional water flow and high pressure creating a powerful and efficient cleaning system. The 12v diesel fired burner, adjustable temperature and large capacity fuel tank provide extended run times for a variety of applications.

Military equipment cleaning & washing

Cleaning Solutions for Government, Municipal, & Military
