**Hot / Cold Water – Self Contained: Diesel Heated, Gas Engine**

The **SC Series, AF models** offer the most versatile hot water pressure washers on the market today. Each skid allows the operator to vary the flow of the machine and reliably handle a two-gun set-up. The system is engineered to uniquely balance 1 or 2 gun operations. This series is powered by industrial engines, hi torque–low RPM belt driven pumps and a burner system with a 2.9Kw generator, providing clean, reliable 115V power for sustained burner operation. Simply add the second gun/hose kit (part# AVG53) if needed for second operator.
