

# Marina and Dock Washer

HYDRO TEK Model #:  
**SCU35005V**

Rugged frame, panels and coil cover are made of **Rust Free Stainless Steel** to protect vital components

Diesel heating coil heats the water **up to 250°F** to easily melt away salt, algae and bird droppings

Panel mounted adjustable thermostat, hour meter, inlet chemical injection and lighted control switches are **included for easy system monitoring**

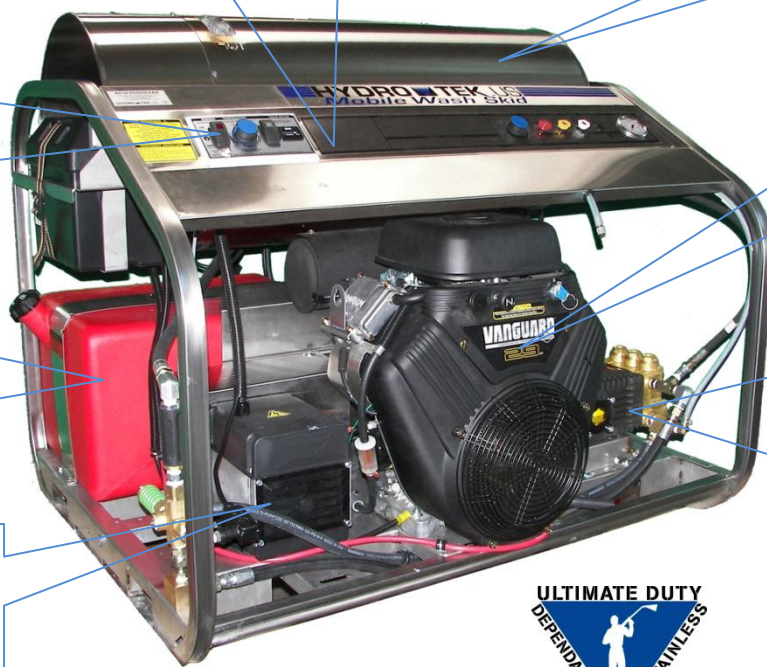

**Heavy Duty Twin Cylinder gasoline engine with electric start** is built to withstand even the harshest environments

**Large fuel tanks** allow for extended run times minimizing time lost for repeated fill ups

Water is pressurized up to **3500 psi @ 4.5 gpm ideal for marina and dock washing**

**Onboard 2900 watt generator** powers the 110V burner and provides power to run lights or other accessories

**Industrial duty pump** is designed to hold up under the demands of heavy duty every day use
