

### Cold Water: Gas Engine – Portable

The **CP Series** is a full featured, gas powered cold-water pressure washing system. The Belt drive ensures long life and keeps the pump running cooler. The protective stainless steel frame prevents damage to components; allowing you to take it, worry free, through the roughest terrain. The Industrial Grade gasoline engine allows you the flexibility of providing cleaning power – whether it is out in the field cleaning equipment, cleaning around the house or for use at any facility.
