

HN30008E3R / E4R

HN-R Series – Natural Gas / LP 2-gun, adjustable flow – Stainless

Steam/Cold/Hot Water Pressure Steamer – Natural Gas or LP Heated, Electric Motor

The **HN Series** is an ideal stationary unit offering 2-gun, high output that is fully controlled at the wash site with its standard remote control. It delivers the ultimate in convenience to save time and money: no fuel tanks to fill, no pilot to light, no garden hose to hunt down, no running back to the machine to turn the soap on, it even has automatic shut off. This rugged and proven washer will perform and thrive under the harshest industrial applications. Its versatile cleaning power is preferred by mining, fleet managers, processing plants, and factories everywhere.
