

Rotary Flat Surface Cleaning Accessory

The **ANT28 Hydro Twister®** is a surface cleaner that connects to a pressure washer and uses two nozzles rotating at a high speed within 1" of the ground. It will clean concrete at up to 15 times the speed of an operator using a wand and with more consistency and less operator fatigue. Simply move the twister over the surface and watch a clean path appear behind the unit.

PRESSURE RATING	4000psi
FLOW RATING	Up to 10 Gallons Per Minute (equipped standard for 5gpm)
TEMPERATURE RATING	250° Fahrenheit

*Specifications subject to change without notification and may vary due to ambient conditions.

Featuring:

- ✓ **Higher Productivity:** Cleans up to 15 times faster than a hand-held wand. New nozzle angles decrease striping
- ✓ **Low Maintenance:** Three stainless steel permanently lubricated and sealed bearings
- ✓ **Long Life Swivel:** Carbide seal withstands high temperature
- ✓ **Lifetime Corrosion Resistance:** Heavy duty stainless steel construction
- ✓ **Less Fatigue:** Ergonomic pivoting handle, can also be set to desired angle

Options...

Other nozzles available (see nozzle chart for proper sizing)
Additional handheld gun/wand/hose kit (ANTGN), Locking caster bracket kit (ACT00)
Note: additional quick connect fittings are required to connect to your pressure washer hose or to the ANTGN
