

**Hot / Cold Water – Self Contained: Diesel Heated, Diesel Engine with 12v burner system**

The **SC Series** is a high output hot mobile wash skid with serious cleaning power. It is designed to withstand the daily use by professionals who rely on its dependability to make a living. Its high impact power enables it to handle just about any size cleaning task with ease. If portability is needed add a wheel kit, mount on a trailer, truck bed, or tank skid. Equipped with a heavy-duty diesel engine and V-belt driven pump this machine delivers exceptional water flow and high pressure creating a powerful and efficient cleaning system. The 12v diesel fired burner, adjustable temperature and large capacity fuel tank provide extended run times and a variety of application choices. The SC40006D12 incorporates unique features requested by professionals in the oilfields and logging industry. Simply add the second gun/hose kit (part# AVG53) if needed for second operator.
